FB left side blk for 3 inch Blk on pt

This pattern was made for a French Braid quilt that has 3 inch small squares on point. You cannot adjust French braid quilt patterns because you are usually only adjusting 3 sides. The FB 3 inch Sq on Pt can of course be adjusted to any size square blk. The other FB patterns should go with this pattern.

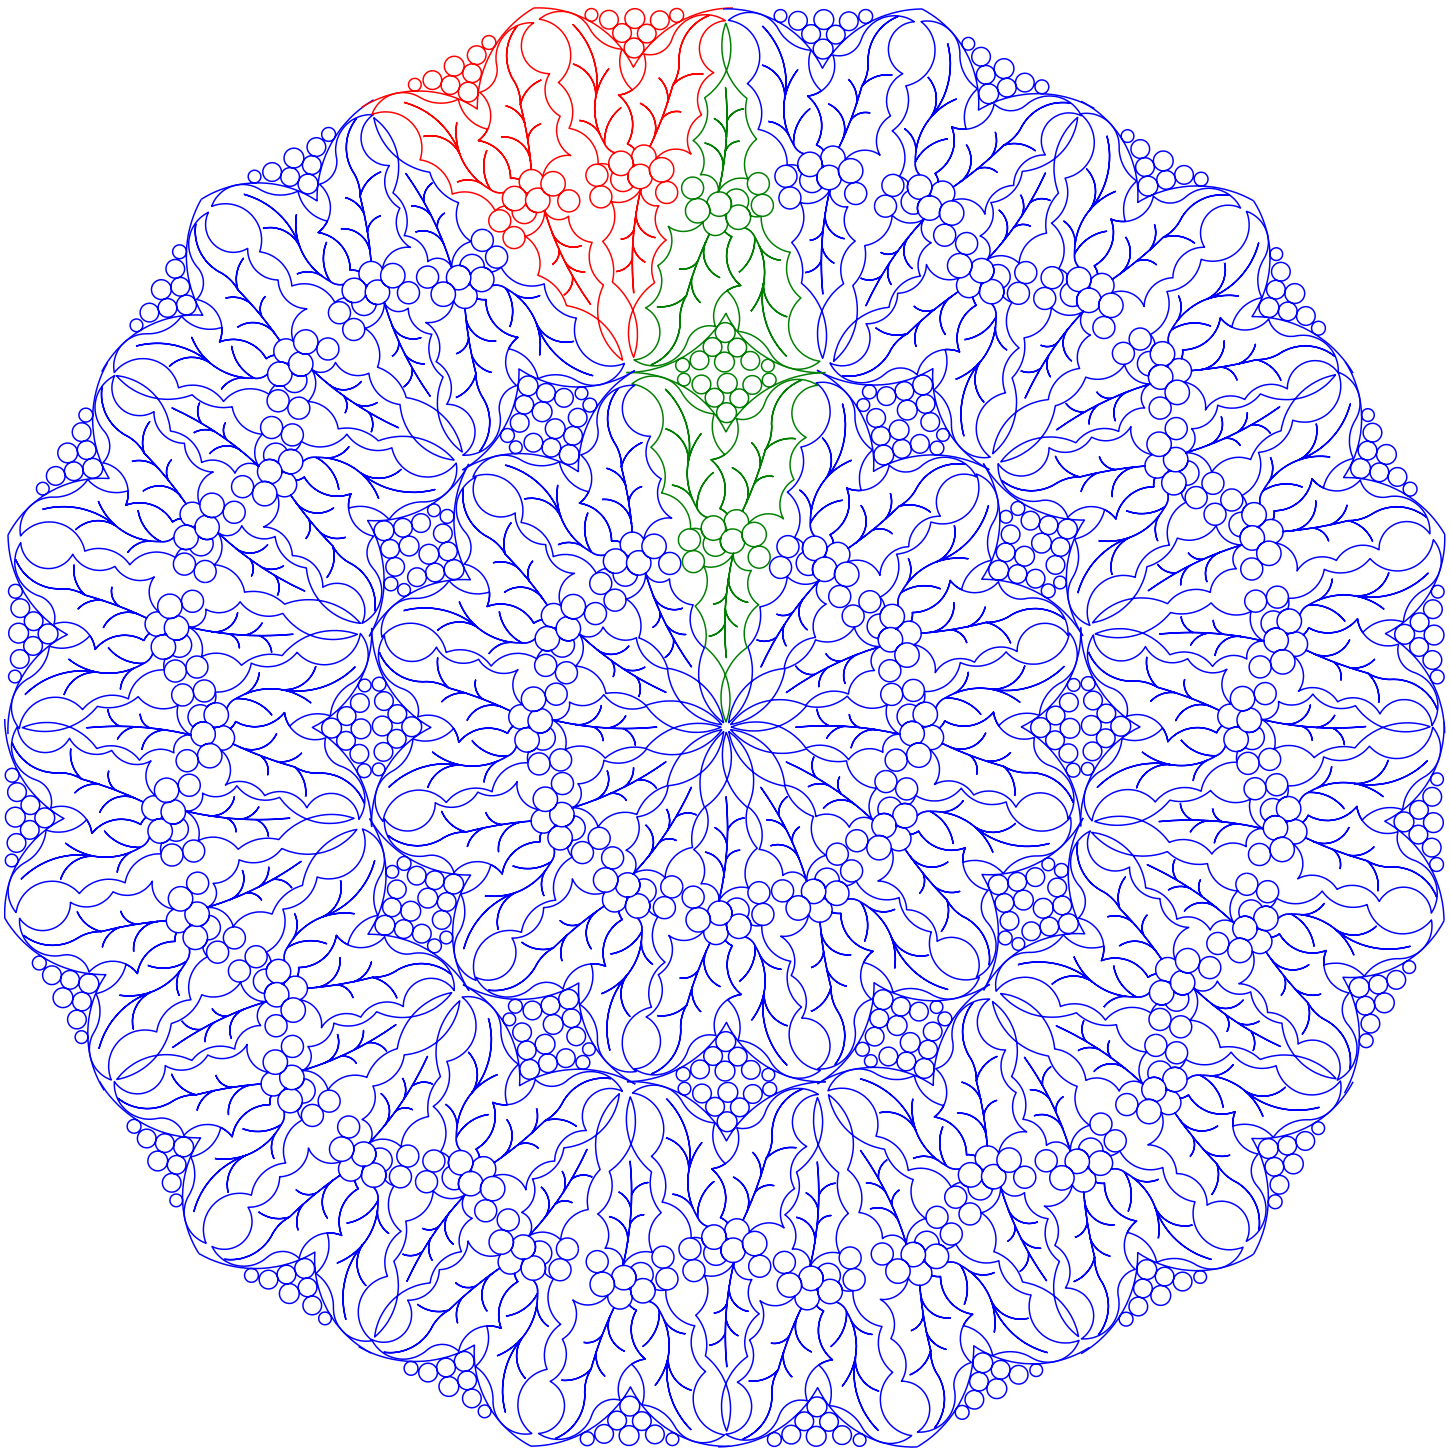
Over Under, Table topper or tree skirt by Swirly girls designs

The entire topper is done with one isosolies triangle. The quilt pattern creates secondary and third patterns!



Large labyrinth quilt layout using the new snow flake patterns. The other patterns were from July 2013 Masters club or can be purchased individually from the web site.

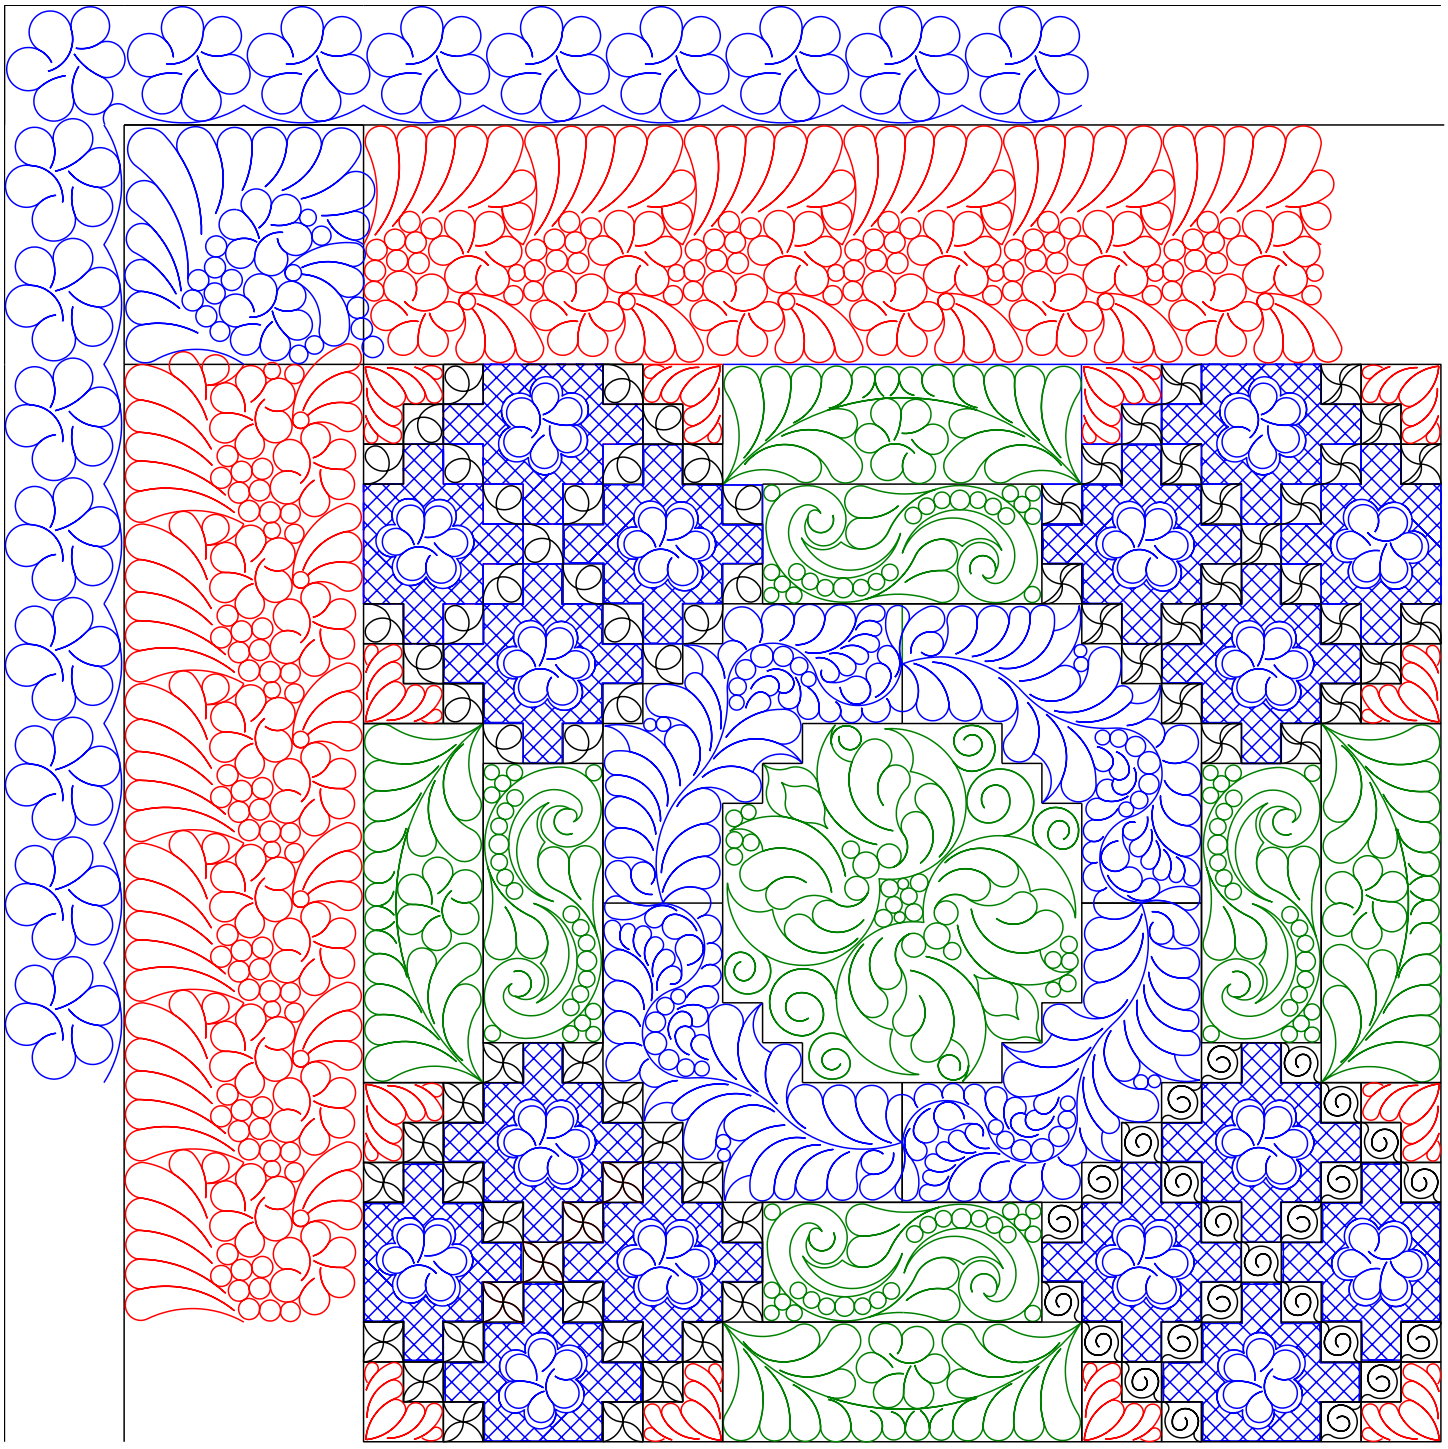
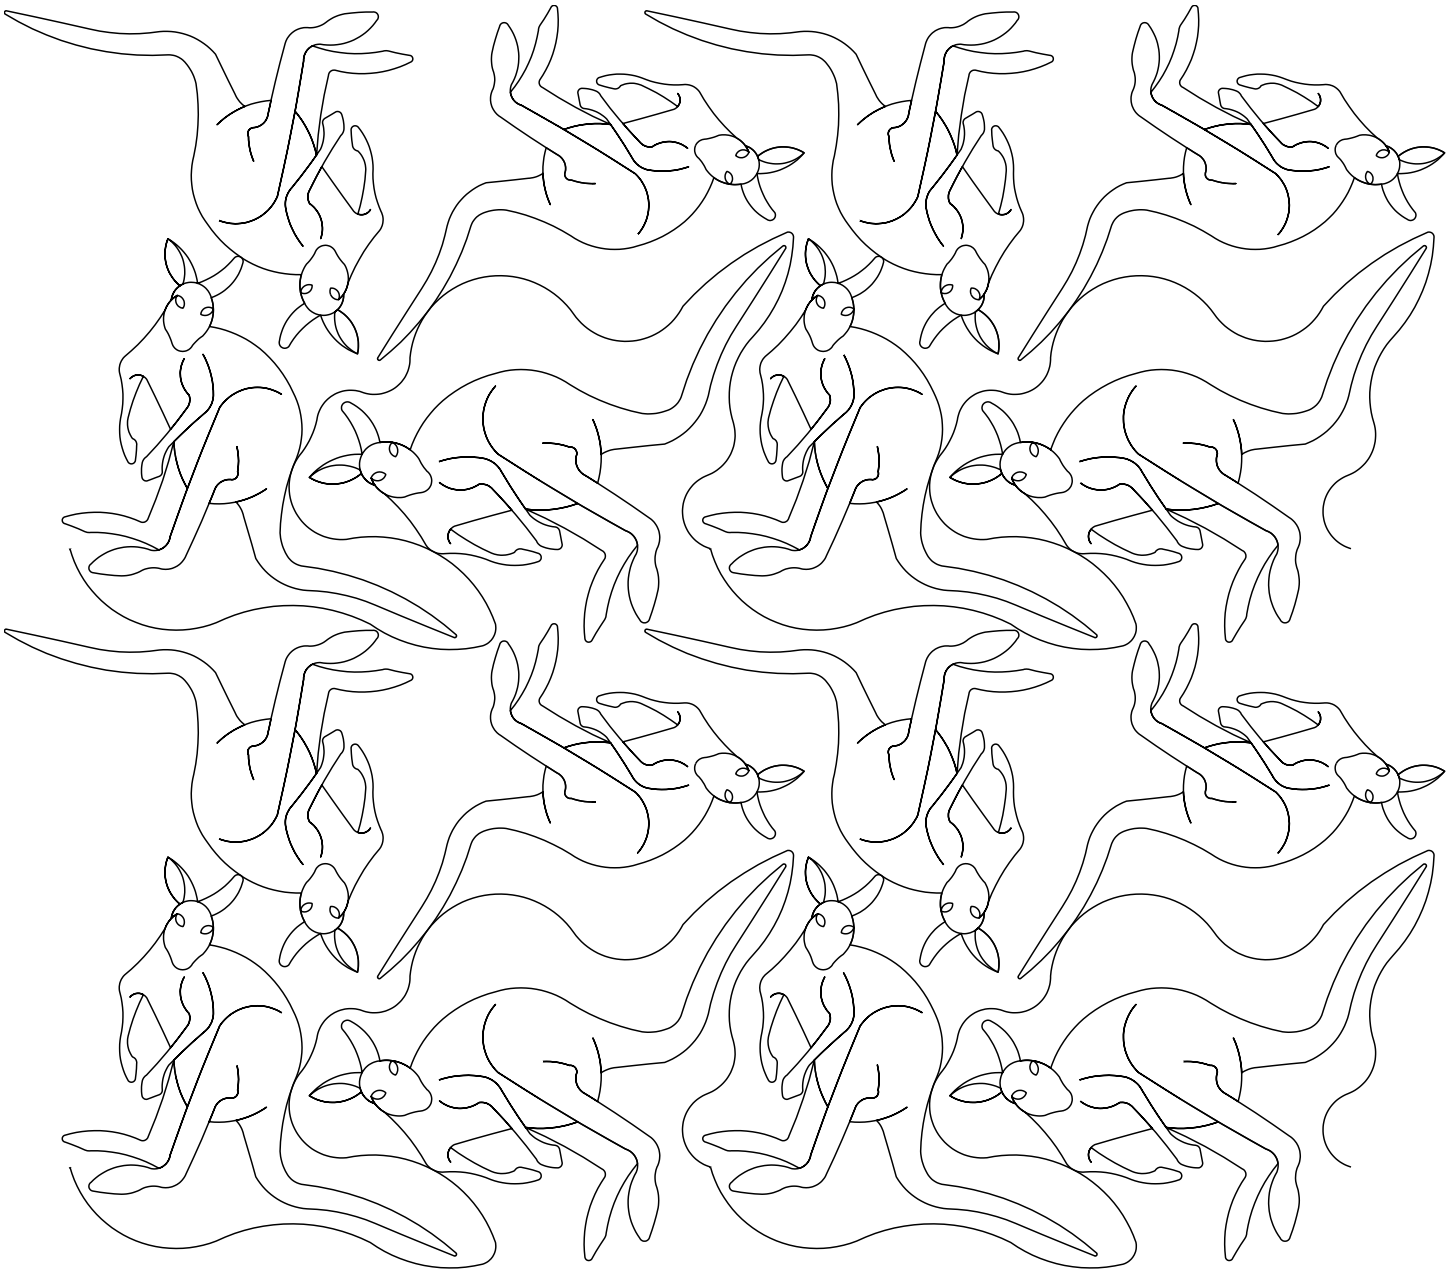
This is an adjustment of an old postage stamp quilt the bottom layout you should be able to use in a postage stamp quilt. The newer layout you see here was renamed Writers Block quilt. All of the patterns in this set start with WB. They can be used in many quilts.

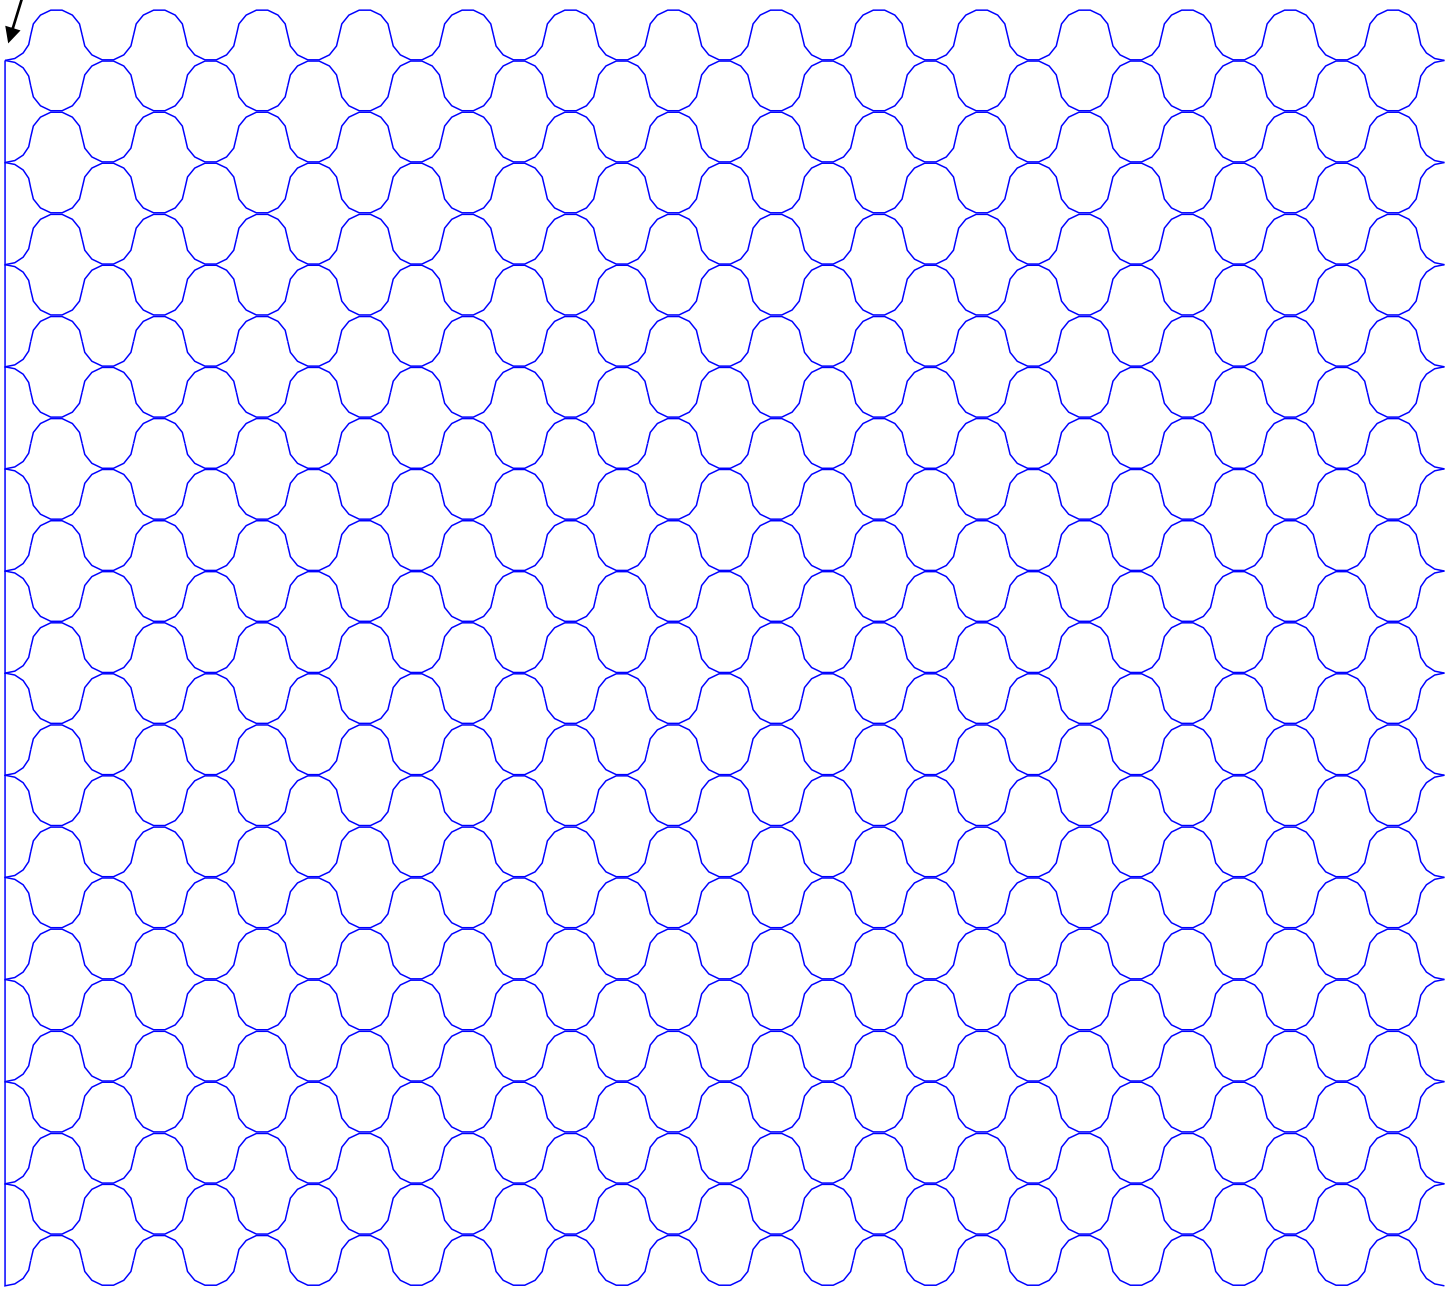


Kangaroo E2E X 4

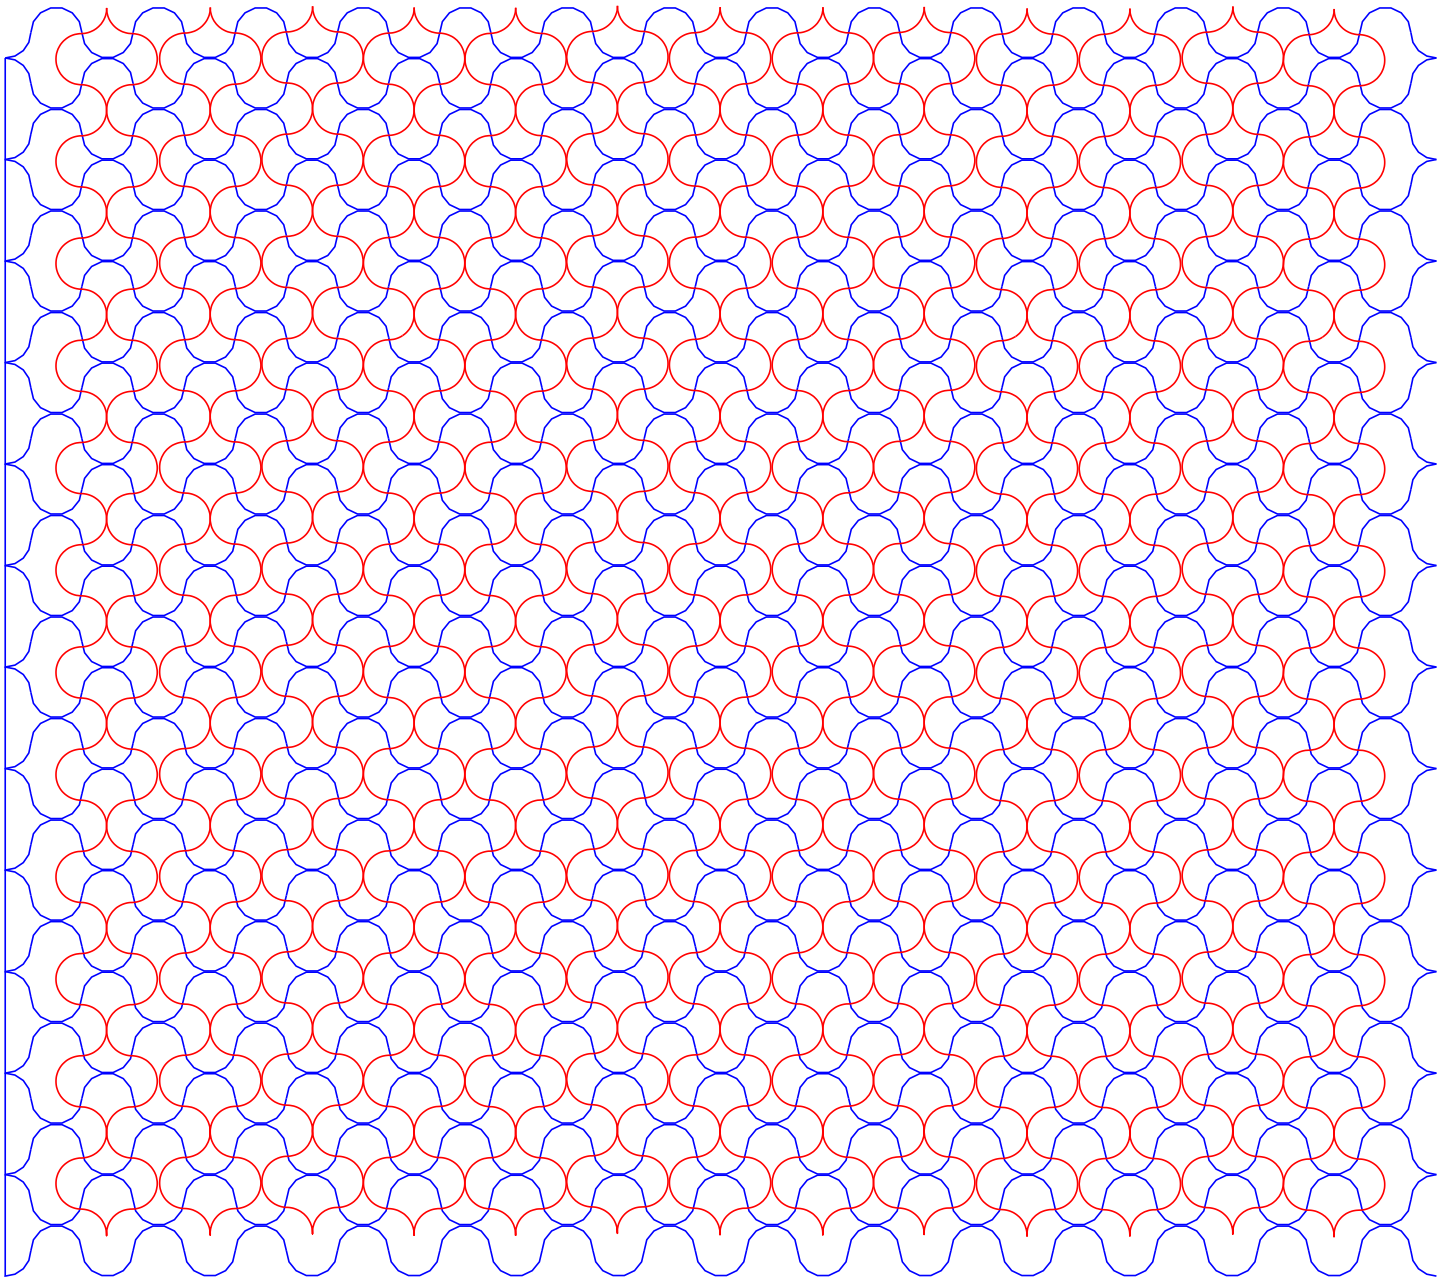


Koala bear E2E X 4

Layout of the modern 0614 E2E this is connected at the left side all the way down then cropped to fit a quilt up to about 98 inches wide. If it is set up to connect on the left vertically then cropped to fit the width of your quilt then it will quilt from left to right then back and forth.



This layout was done one way all the way down the quilt then turn the quilt to go the other way and it gives you a really neat modern look.



I did this all in one color to show you the look it will give you...
